

NewSpring Healthcare

NewSpring Healthcare is a thesis-driven growth equity strategy focused on partnering with healthcare companies in the tech-enabled healthcare services and niche clinical spaces that positively impact health outcomes across the care continuum.

NewSpring Healthcare is part of NewSpring, a lower-middle-market focused private equity firm that partners with innovators, makers, and operators of high-performing companies in dynamic industries to catalyze new growth and seize compelling opportunities. The Firm manages over \$3.5 billion across five distinct strategies covering the spectrum from growth equity and control buyouts to mezzanine debt.
